

THE ALL-NEW

**SELF-CHARGING HYBRID ELECTRIC SUV**

**COMFORT & SAFETY  
ELEVATED**

**URBAN CRUISER**

*Nearly 30 years ago, Toyota introduced a groundbreaking way to drive—the self-charging hybrid electric technology. It provides a smoother, quieter, and more efficient driving experience, engineered to accelerate the world's journey toward a better, greener, and carbon-neutral future.*

*Toyota's self - charging hybrid electric technology combines the advantages of a gasoline engine and an electric motor to give you double the performance with lesser emissions. The car can be driven on electric power as well as with the engine and electric motor working together. Unlike other cars, Toyota's hybrid cars are self-charging. Toyota's hybrid technology is designed to make your every drive simply Awesome.*

*Toyota Urban Cruiser is the newest and one of the most advanced addition to Toyota's acclaimed hybrid legacy.*

*This is the age of the hybrid.  
The age of no compromises.  
Where you can have it all - the best of both  
worlds.  
And more.  
It's time for you to ride the new wave.  
It's time for you to step into the future.*
