Experience the TNGA

Toyota New Global Architecture

TNGA - Toyota New Global Architecture

TNGA is now the foundation for all Toyota's future powertrain and vehicle development. It marks a revolution in the way Toyota designs, engineers and manufactures vehicles, streamlining the process by standardizing the size and position of key components within standard new vehicle platforms. In this way it is integral to Toyota's mission to build ever-better cars

TNGA enables customers to enjoy more stylish cars that are safer and more enjoyable to drive through:

- Improved driving dynamics with a low center of gravity
- Styling freedom
- Improved safety performance
- Improved efficiency & core strength
