

COROLLA CROSS

 **TOYOTA**

Class Leading | New Generation | Unmatched fuel efficiency

Ascend to new heights

You're ready for a fresh start. Going more places. Seeing more people. This car suits your life today. That next level of fulfillment you've been seeking. You know the Corolla brand. Through its evolution, it has been loved by people around the world. Now it reaches a new stage. It is the COROLLA CROSS. This is the one you dreamed about. The one you worked for. Now, it's well within your reach.

Grow bolder, every time you drive

Feel proud. You've earned it. This is a design that says you have arrived.
Step in and glow with the new power of ownership.

A space that brings everyone closer together

When there's enough space for all passengers to ride in comfort, conversation flows freely, and the ride is relaxed. There's a feeling of freedom that comes with sharing the journey together.

Ample Cabin Space and Luggage Room

A spacious and comfortable cabin includes plenty of room to stretch for all on long, making any trip a breeze. In addition, the luggage compartment has class-leading capacity and offers ample space for all your cargo. Best of all, it's amazingly easy to access, load and unload.

Air Conditioning

To ensure comfort for all, an air-conditioning duct at the rear end of the console box sends circulating ventilation to the back seat passenger.

Technology For Every Journey

The 4.2" Multi-Information Display in the instrument panel incorporates 3D messages to help you drive more efficiently. It also holds the trip computer that displays essential journey data. All these functions can be easily accessed via the handy steering wheel controls.

Non-contractional photos. Some features may differ. Please check with your local dealer.

Potential to expand your horizons

Activate your ambition. There's no time like today. A flat stable ride gives you the confidence to seek out new destinations and visit places you've never been.

2ZR-FE Engine

High fuel efficiency and quiet driving is delivered by the 1.8-liter engine with Dual VTEC. The new Toyota Corolla Cross's engine provides good power with low level of noise. Additionally, when starting up, the engine automatically accelerates.

TNGA Platform

The high-rigidity TNGA body and newly developed suspension delivers smooth ride comfort that is suitable for longer commutes or family vacations.

Continuously Variable Transmission (CVT)

Experience the full driving potential of the Corolla Cross with ultra-smooth Direct Shift CVT. The transmission provides smooth and direct acceleration, as well as supreme quietness and top class fuel economy performance.

Feel safe and let the good times roll

An array of advanced safety features provides peace of mind for both long trips and short ones. Worry-free driving sets everyone's mind at ease and ensures a pleasant experience.

Vehicle Stability Control (VSC)

VSC automatically activates each individual brake as needed and controls engine output to help maintain stability and prevent skidding when turning sharply or cornering on slippery road surfaces.

Airbags (SRS)

Corolla Cross is fitted with up to seven airbags. They include driver's knee airbag, SRS airbags for both driver and front passengers, side airbags for the front seats, and SRS curtain shield airbags covering both the front and rear seat passenger.

With Brake Assist

Without Brake Assist

Brake Assist

The brake assist is a system that compensates for the lack of braking force during emergency braking maneuvers and increases the brake force. The brake assist system detects how quickly the brake pedal is depressed and increases the braking force during emergency braking. This generates a large amount of braking force even if the brake pedal is only stepped on lightly.

Hill-Start Assist Control (HAC)

This control judges when the vehicle is on a slope and automatically performs brake control to suppress rollback of the vehicle when starting off, reducing the burden on the driver. This control is particularly effective when starting off in difficult, such as on slopes where the vehicle may rollback while the driver switches from the brake pedal to the accelerator pedal.

Traction Control (TRC)

The sophisticated Toyota system is an all-speed design that utilizes both brake and engine throttle control. TRC helps to avoid slippage of the driving wheels by slightly applying the brake on a slipping drive wheel and reducing the throttle to maintain traction according to the road surface conditions. The system eliminates the need for a subtle accelerator pedal operation and helps ensure vehicle control when starting or accelerating on slippery roads.

Electronic Brake Force Distribution (EBD)

Even when there is a difference in front/rear or left/right wheel load, EBD controls brake force on each wheel appropriately and helps to shorten stopping distance. The EBD controls the braking force on the wheels based on the total number of the occupants, load conditions and during deceleration and cornering, thus offering excellent brake control.

COROLLA CROSS

GRADE	MPG	Bodytype	Engine	ccv	Power (HP/kW)	Torque (Nm)	Transmission
LIMITED	22/32	SUV	1.8 EcoHYBRID	1798	145/105	171	CVT
EXCLUSIVE	21/31	SUV	1.8 EcoHYBRID	1798	145/105	171	CVT

LIMITED

1.8L CVT - Limited

Interior:

Automatic Single Zone air conditioner
 Apple Car Play and Android Auto
 Radio AM/FM
 Multimedia touch screen 8"
 8 speakers
 Bluetooth audio and hands-free
 Auxiliary input USB
 Voice recognition commands
 USB port x2
 Power windows (all) with One-Touch
 Folding rear seats 40/60
 Leather Seats
 Height adjustable seats (Driver)
 Seat back pockets (Passenger)
 Front and rear seatbelts warning buzzer
 Multi-information display, color TFT
 Leather steering wheel with multifunction
 Leather shift lever & knob
 Tilt & telescopic steering wheel
 Power door lock
 Front and rear cup holders
 Rear arm rest with cup holders
 Shopping bag hooks x2

Dimension:

Overall width: 1825 mm
 Overall length: 4660 mm
 Overall height: 1610 mm
 Min. ground clearance: 161 mm
 Min. turning radius (tyre): 5.2 m

Exterior:

LED fog lamps
 Turn signals on side mirrors
 Daytime Running Lights
 LED High mount stop light
 Rear Spoiler
 Shark fin Antenna
 Electrically adjustable & retractable side mirrors with Auto-fold option

Safety:

ABS - Anti-lock Braking System
 EBS - Emergency Brake Signal
 VSC - Vehicle Stability Control
 HAC - Hill Start Assist Control
 Driver & passenger airbags (SRS)
 Side airbags (SRS)
 Curtain airbags (SRS)
 Driver knee airbag (SRS)
 Child lock
 ISOFIX seats
 Anti-Theft immobilizer system
 Reverse camera (back monitor)
 Rear parking sensors
 Luggage hooks

Technical:

ECD Driving Indicator
 Fuel tank capacity 50L
 17" Alloy wheels - 215/60R17
 Full size alloy spare tire
 Halogen Headlamps (automatic)
 Manual headlamp leveling system
 Wipers - Intermittent control
 Rear window Defogger
 Cruiser control
 Smart entry & start system (keyless)
 Push start system
 TNGA Architecture
 Touch lock (Smart Entry)

Interior

Automatic Dual Zone air conditioning
 100 MP3 CDs
 7-speaker premium audio system
 Radio and audio system
 Electric windows and CD player

Exterior

CD player
 LED front signal
 LED combination mirror

Technical

Automatic transmission with 8-speed

10: GRAY PE

COMPLETE PEACE OF MIND WITH TOYOTA

Toyota Quality Service

Your Toyota dealership will advise you on your vehicle's service requirements. It will need a health and safety check at least once a year. An intermediate check is necessary every year or 5,000 km.

Toyota Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimize your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labor time is less and pricing is competitive.

Toyota Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimize the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labor.

Toyota Accessories

Toyota's genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new vehicle. All accessories are covered by a 1-year warranty.

Toyota Comprehensive Warranty

Every new Toyota comes with a 3 years or 100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorized Toyota repairer will also be covered*. In addition, a 3 years or 100,000 km paint warranty protects against defects and surface rust caused

by a manufacturing fault (except load bin's which are covered for 1 year). Every Toyota commercial vehicle is covered by a 3 years with unlimited mileage corrosion/perforation warranty* against corrosion of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous five-minute attack test. The alarm system and engine immobilizer are approved by major insurance companies.

*Check with your dealership for specific warranty details.
