All New RAV4

POWERFUL

Launched anew, and evolving in looks, drive, power and toughness, the all-new RAV4 features enhanced off-road capabilities. It is designed to greatly stimulate your mind and your curiosity. Broadening your horizons as you enter a whole new realm of crossover-SUV driving. Feeling ever bolder and relishing the journey ahead.

PETROL

2.0 Dual VVT-iE

Power

127 kW / 173 DIN hp

Transmission

6 M/T or A/CVT

Drivetrain

4x2 or 4x4

Fuel consumption*

6.5-6.8 L/100 km

Available on

ACTIVE, LIMITED AND LUXURY

*Combined driving, subject to change
 6 M/T = 6 speed manual transmission
 A/CVT = automatic continuously variable transmission

**New 2.0 L engine
 (M20A-FKS)**

Acceleration performance and fuel efficiency are as good as or better than competitors' turbocharged engines thanks to Direct Shift-CVT.

This engine offers maximum thermal efficiency of 40% and accelerator response exceeding customer expectations.

(*Actual CO2 Emission and Fuel Consumption depend on factors such as Traffic, Road and Environmental conditions as well as Fuel Quality. The above data might change without prior notice.

**Disclaimer: Toyota reserves the right to alter any details of specifications and equipment without prior notice. Details of specifications and equipment are also subject to change to suit local country conditions and requirements. Please inquire with your local dealership for details of such changes.

New Dynamic Force Engines

The 2.0-liter engine delivers high output and world-class combustion efficiency owing to the introduction of components such as VVT-iE, the engine achieves a thermal efficiency of 40% and balances fuel efficiency with throttle response.

DIRECT SHIFT-CVT Transmission

Control the RAV4 all in one place; with paddle shifting, the driver enjoys better convenience and rapid gear changing.*

Paddle shift allows instinctive gear shifting; this results in better power and gear control, as well as faster downshifts.

Downshifting

Cornering: When you need to rapidly slow down and tightly turn a corner, using the '-' paddle to lower your transmission down by a gear or two as you turn provides extra torque to maneuver quickly.

*subject to model grade & specifications

7 Airbags as standard

New RAV4 is equipped with SRS dual airbags for the driver and front passenger. A knee airbag is also provided for the driver. SRS side airbags are installed for the driver and front passenger. SRS curtain-shield airbags are provided for all passengers.

No compromise on safety

New RAV4 comes standard with all around safety systems: ABS (Anti-lock Braking System); BA (Brake Assist); EBD (Electronic Brake Force Distribution); TSC (Trailer Sway Control); VSC (Vehicle Stability Control); TRC (Traction Control); HAC (Hill Start Assist Control); ESS (Emergency Stop Signal); PBC (Pitch and Bounce Control).

SAFE & RELAX

SATISFACTION IN THE DETAILS

New RAV4 is packed with useful features and functions that stimulate your senses, every time you drive. With a lot of storage spaces in mind, keep your valuables safe in driver side tray, passenger side tray, front cup holders and center tray.

For ultimate relaxation soft blue interior ambient lighting will make your journey even more pleasant.

INTERIOR

FIXED

A photograph showing the interior of a vehicle, specifically the front and second rows of seats. The seats are upholstered in a light tan or beige leather with visible stitching. The car's interior is dark, and the windows show a blurred view of colorful lights, possibly from a city at night. The word "FIXED" is overlaid in large white letters on the left side of the image.

* For other interior combinations, please consult your Toyota dealership.

GRADES

RAV4 ACTIVE

Main features:

- Driver & passenger airbags (SRS)
- Driver knee airbag (SRS)
- Front side airbags (SRS)
- Curtain airbags (SRS)
- ABS - Anti-lock Braking System
- BA - Brake Assist
- EBD - Electronic Brake Force Distribution
- TSC - Trailer Sway Control
- VSC - Vehicle Stability Control
- TRC - Traction Control
- HAC - Hill Start Assist Control (auto)
- ESS - Emergency Stop Signal
- PBC - Pitch and Bounce Control
- Air conditioner with clean air filter
- Multimedia touch screen 7" (17.7 cm)
- Reverse camera (back monitor with fixed line)
- Bluetooth audio and hands-free, USB
- Power windows (all with jam protection)
- Multi information display 4.2" (Colour TFT)
- Steering wheel audio and telephone controls
- Tonneau cover (rear)
- Wireless power door lock
- ISOFIX points for child safety on rear outer seats
- Outside mirrors electrically adjustable and heated
- Alloy wheels 17" 225/65 R17
- Rear parking sensors
- Roof rails
- Front fog lamps
- Dual exhaust pipes (round)
- LED Daytime Running Lights (DRL)
- LED combination rear lights
- LED type main headlamps (parabolic)
- Automatic headlamp leveling
- Tilt and telescopic steering wheel
- Integrated Sport Driving mode
- Push selector ECO / NORMAL / SPORT
- iMT - intelligent Manual Transmission (for 6 M/T)
- Front and rear stabilizers
- Electronic parking brake
- Light control system
- TNGA platform (Toyota New Global Architecture)

7-inch Touch multimedia screen

This multimedia system will allow you to experience a world of information and entertainment in a stylish 7" display. You can connect your Bluetooth enabled mobile phone for telephone calls and music streaming. For enhanced security, there is a convenient reverse camera.

Parabol LED headlamps*

The LED headlamps, bathe the road ahead with a more natural tone of light. LED's provide excellent distribution of light, contributing to good visibility and safety at night.

ACTIVE

- Chrome outside Door handle
- Leather Seat Material
- Auto A/C
- Reverse Camera with Guide Line

SAFETY

7 Airbags comes as standard with the RAV4 including a knee airbag for the driver. SRS side airbags are installed for the driver and front passenger and curtain-shield airbags are provided for all passengers.

DESIGN

A recommitment to true SUV excitement, performance and functionality, TOYOTA RAV4 is bold in every dimension - exterior styling, interior appointments, and performance characteristics. This is an SUV that embraces modern urban sophistication while being fully ready for off-road adventures.

PERFORMANCE

The RAV4 Hybrid is powered by a 2.5-liter four-cylinder engine that's assisted by electric motors for a great performance combined output. A key element in RAV4 performance, this transmission features a new start-off gear added to the conventional belt drivetrain. Combining the strengths of these two technologies results in a new CVT structure that

ADVENTURE

AD

The Adventure grade bolsters strength and ruggedness as an SUV. To bring out your intrepid side.

VENTURE*

BOLDER, MORE RUGGED, AND MORE FUN

Additional to LIMITED grade:

- ADVENTURE styled orange stitching
- ADVENTURE styled leather seats
- ADVENTURE styled front grille
- ADVENTURE styled front and rear bumpers
- ADVENTURE styled wheel arches
- ADVENTURE styled front fog lamps
- Power back door operation (up/down) with foot sensor
- Power seat adjustment for driver (no memory)
- Anti-Theft system immobilizer (no alarm)
- Colour painted door handles (no chrome)

*on special order only

POWER BACK DOOR (foot sensor)

Even when your hands are busy with luggage, the back door can be opened by moving your foot towards the touchless sensor located in the bumper lower. Simply wave your foot below the bumper to activate.

More character, more capability

RAV4 = Robust Accurate Vehicle with 4 Wheel Drive. A 4WD that combines the dynamism of an SUV with precise technology and enhanced usability. Security and peace of mind through the RAV4 visual presence, ride comfort and driving performance.

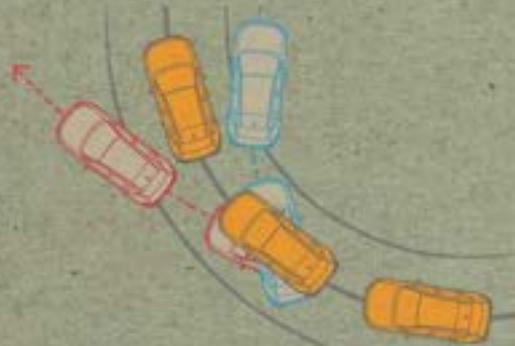

TNGA
Toyota New Global Architecture

ADVANCED

**DRIVING EXCITEMENT LIKE
NEVER BEFORE**

RAV4 confirms its position as leader of the SUV market with the groundbreaking powertrains. Available with the intelligent all-wheel drive system, RAV4 delivers an impressive performance both on and off-road. And with the ability to adapt to changing driving conditions automatically, you'll have all the traction you need, whenever you need it – in city, in mud, on steep slopes and even when cornering at speed.

DYNAMIC TORQUE VECTORING AWD

Adopts a torque vectoring mechanism to control rear torque independently on left and right wheels in response to driving conditions. The system demonstrates its influence by cornering in line with driver intentions and ample drive-through capability on extremely rough roads.

MULTI-TERRAIN SELECT*

By offering a choice of three drive modes (MUD&SAND / NORMAL / ROCK&DIRT) via the dial-type switch, this system lets you obtain optimum traction on varying surfaces, helping drivers enjoy secure, sure-footed control.

Smart Entry & Start System*

This allows you to unlock the car simply by pressing a button on the door handle. The start/stop button starts the engine. All you need to do is carry the Smart Entry key with you.

Moon roof wide (tilt and slide), electronic*

A moon roof that achieves feelings of openness and comfort. The entire front side of the roof is made black, achieving a luxurious external appearance. Expresses a feeling of openness for all passengers in the vehicle. Passengers can feel close to nature while remaining inside the vehicle, such as by reclining the seats and gazing out a starry night sky.

Wireless phone charging (Qi)*

A wireless charging system has been made available for the center tray of the front console (on Limited and Adventure). Wireless chargeable smartphones (Qi standard) can be charged.

*subject to model & specifications availability

COMPLETE PEACE OF MIND WITH TOYOTA.

Toyota Quality Service

Your Toyota dealership will advise you on your vehicle's service requirements. It will need a health and safety check at least once a year. An intermediate check is necessary every year or 10,000 km.

Toyota Low Maintenance Costs

All Toyota vehicles are designed and engineered to minimize your maintenance costs. This includes fewer parts that require servicing and, equally important, is that Toyota vehicle technology is made easily accessible so that maintenance labor time is less and pricing is competitive.

Toyota Genuine Parts

Providing the reassurance of Toyota quality, only genuine and approved components are used on your vehicle. If the vehicle is damaged, its design helps minimize the cost of repair because the most expensive-to-replace parts are deliberately located away from common damage zones. The result is ultimately less expense for parts and labor.

Toyota Accessories

Toyota genuine accessories are designed and manufactured with the same care, quality and attention to detail as Toyota vehicles. Adding a touch of style, comfort, convenience and practicality, they are tested for exceptional durability to enhance the enjoyment of your new vehicle. All accessories are covered by a 1-year warranty.

Toyota Comprehensive Warranty

Every new Toyota comes with a 3 years or 100,000 km vehicle warranty, which covers any defect caused by a manufacturing fault. Transport to the nearest authorized Toyota repairer will also be covered*. In addition, a 3 years or 100,000 km paint warranty protects against defects and surface rust caused

by a manufacturing fault (except load bin's which are covered for 1 year). Every Toyota commercial vehicle is covered by a 3 years with unlimited mileage corrosion-perforation warranty* against corrosion of body panels caused by a manufacturing fault in materials or workmanship.

Toyota Added Security

Toyota's comprehensive security system withstands the insurance industry's rigorous five-minute attack test. The alarm system and engine immobilizer are approved by major insurance companies.

*Check with your dealership for specific warranty details.
