INTRODUCTION

YOUR FAVOURITE CROSSOVER **JUST GOT BETTER**

Building on Toyota's lasting legacy of quality, durability and reliability, the new Corolla Cross comes packed with added value, enhanced style and next-level standard innovations so that you can explore more, travel further and truly express yourself.

A yellow Toyota Corolla Cross SUV is parked on a dirt road. In the background, a city and a bay are visible, with a stone wall in the foreground. Three people are standing near the wall, looking at the view. The car is a three-door model with a black roof rack and silver wheels. The license plate area says 'COROLLA CROSS'.

INTRODUCTION

FILLED WITH LIFE

The new Corolla Cross puts you in control of your life. Letting you maximise opportunities, push boundaries and swap tasks; regardless of whether you're a doctor, entrepreneur, dreamer or a little bit of everything.

Always a doer - the new Corolla Cross is everything you want it to be. And, more importantly, it lets you be everything you need to be and more. It's made to allow you to live your life to the fullest.

MODEL LINE-UP

FILL IT WITH OPPORTUNITIES

The fully-loaded, new Corolla Cross is designed for active lifestyles seeking to drive to their own beat.

THE COROLLA CROSS RANGE:

Corolla Cross 1.8 HEV

Non-contractual images. Terms and conditions apply. Check with your local dealer for available features and specifications.

FILL IT WITH FREEDOM

Life is precious, and reaching the destination is as important as achieving your goals.

This is why new Corolla Cross models are driven by a powerful, yet ultra-economical 1.8-litre, four-cylinder petrol engine, producing 103 kW @ 6400 r/min and 172 Nm of peak torque at 4000 r/min. The self-charging hybrid models develop 72 kW @ 5200 r/min and 142 Nm @ 3600 r/min, with an additional 90 kW available from its electric motor throughout the rev range, pairing maximum drivability with eco-consciousness.

Average fuel consumption is measured at a wallet-friendly 4.3L/100km for the Corolla Cross HEV

The engine powers the front wheels through a smooth, select-and-forget CVT transmission, ideal for the school run, the highway or getting you to your favourite holiday spot.

EXTERIOR

EXTERIOR

FILL IT WITH STYLE

Weekend warrior, work commuter or both? Your new Corolla Cross is a Swiss Army knife of style statements mirroring your multifaceted life.

Up front, emphasising its insatiable urban energy, all models sport an integrated geometric bumper and grille that extends towards newly designed LED headlights featuring sequential turn signal indicators.*

This dramatic dynamism is echoed at the rear through the taillamps; now better defined through the fitment of an inner lense*, to add uniformity and precision, ensuring you miss nothing when driving at night.

The new Corolla Cross is available in a variety of colours so you can show off your unique personality, with new stand-out colours Desert Gold and Oxide Bronze. Other colours include Chromium Silver and Platinum White Pearl.

INTERIOR, COMFORT AND CONVENIENCE

Non-contractual images. Terms and conditions apply. Check with your local dealer for available features and specifications.

FILL IT WITH SOPHISTICATION

Living a fuller life starts with getting the most from our vehicles. The new Corolla Cross doesn't disappoint and it will never let you down. From tech to connectivity to upgraded interior comfort, you've just crossed the cutting edge.

Step inside the spacious interior, and the immediate noticeable enhancement is the tactile improvement of the materials, stitching and carpets. All passengers can relax in style, with the rear seats now equipped with a reclining function as well as added rear aircon ducts.

To business: all models have been upgraded to incorporate Apple CarPlay, Android Auto connectivity and three USB-C ports; as well as an easier-to-operate, space-saving push-button electronic handbrake.

Similarly, the instrument cluster has grown to 7-inches. For an even more seamless driving experience, the vehicle is equipped with a push start button, as well as voice command through the roof microphone*.

Model updated to receive front sensors in addition to its existing rear ones, making maneuvering child's play, any day. You're all set: A fuller life is calling.

FILL IT WITH PRECIOUS CARGO

While the Corolla Cross empowers you to always chase your dreams with no regrets, you can pursue any and every path with the peace of mind that you and your loved ones are protected through the science of safety.

To this end, an extensive array of active and passive safety interventions exists to mitigate impacts and injuries to occupants.

All models are equipped as standard with:
ABS (Anti-Lock Braking System)
EBD (Electronic Brake Force Distribution)
VSC (Vehicle Stability Control)
HAC (Hill Assist Control)

Also included by default are driver, passenger, side and driver knee airbags. Safe can also be smart; therefore, every Corolla Cross can be unclocked and locked with the key fob in the owner's pocket and started by a push button. Likewise, the front and rear seat belt warning now automatically detect rear occupants, there ISOFIX fixing points for two car seats are also fitted.

No matter where the road may take you, and all the twists and turns you choose to take alone the way, we'll always keep you out of harms way.

TOYOTA ENVIRONMENTAL CHALLENGE 2050

At Toyota, creating technologically advanced vehicles isn't our only priority; we're committed to lowering our environmental impact throughout our entire production process. How? By setting ourselves six challenges that will see us reach a truly world-changing goal - a positive environmental impact by 2050.

ZERO CO₂

CHALLENGE 1

NEW VEHICLE ZERO CO₂ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO₂ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

ZERO CO₂

CHALLENGE 3

PLANT ZERO CO₂ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO₂ emissions at our plants which are:

1. Developing and introducing low-CO₂ technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilising hydrogen energy.

CHALLENGE 5

CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

THE TOYOTA COROLLA CROSS HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Corolla Cross range has been designed to have very low CO₂ emissions.

ZERO CO₂

CHALLENGE 2

LIFE CYCLE ZERO CO₂ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO₂ emissions produced in travelling and manufacturing, but all CO₂ emissions including the process of materials production, disposal and recycling of vehicles.

CHALLENGE 4

CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environment is important. We have two measures to achieve this - comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

CHALLENGE 6

CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to **Toyota Accessories**, developed by engineers with extensive knowledge on vehicle integration - you can enhance the appeal and functionality of your Corolla Cross without compromising its safety features or warranty.

TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of **Accredited Body and Paint Repairers**, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, **Toyota Roadside Assistance** provides the peace of mind that competent support is only a phone call away.

TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND
